Re: Teambuilding Thank You!

Adrian Kissler,

The teambuilding and climbing events that you have provided our staff members have been remarkable. It has literally transformed our team from knowing about leadership to understanding and practicing it. We have been bringing groups to your course for as long as I can remember, and I am certain we will be returning again each year.

As a result of your ropes course and teambuilding programs, we develop a much better understanding of the power of team cohesion through shared experience; especially when you put the team members in an environment of trust, and then expose them to challenging opportunities. These challenges are not just physical—the individuals in these programs come out feeling challenged mentally and emotionally as well.

Thank you so much for providing the “leadership laboratory” that so remarkably grows a culture of success!

With Sincerest Gratitude,

Hunter Merritt
